

Enabling Turnitin in Your Blackboard Course

Turnitin is active and ready to use in *most* courses currently on Blackboard. When you look at your course Control Panel, if you see a link for “Turnitin Assignments,” then you’re all set.

If the “Turnitin Assignments” link is NOT visible in the Control Panel, follow these steps to enable it:

1. In the Control Panel, click **Manage Course Tools**, then choose **Building Block Tool Availability**.
2. Click to put a check mark beside the two Turnitin items:

Turnitin Assignment List	<input checked="" type="checkbox"/>
Turnitin Assignment List	
Turnitin Assignments by Groups	<input checked="" type="checkbox"/>
Turnitin Assignments by Groups	

3. Scroll down and click **Submit**, then click **OK** twice to return to the Control Panel. The Turnitin options should now be visible in the Control Panel.
