

## Long Description of “So you wanna make a video?” infographic

Before selecting a tool, decide what you want to do.

### Add narrations to a PowerPoint

You already made the PowerPoint – just add your voice and publish!

1. Use **Office Mix** (or its successor in Office 365 or Office 2019) to add narrations
2. Export as video
3. Upload to **YouTube**

### Make a selfie video (talking head)

Provide a human touch with a personal greeting or introduction.

- Use your **smartphone** or **webcam** to record, then upload to **YouTube**
- Or use **Screencast-o-matic** to record and upload.

### Record actions on your computer screen

Create a tour of your Sakai site or demo a process.

- **Screencast-o-matic**

### Draw on a whiteboard and explain

Most easily done on a tablet, using an inexpensive stylus.

- **Explain Everything**
  - Free 3—day trial
  - Classic app for iOS - \$9.99
  - Other devices - \$24.99/year subscription
- **Doceri** (free and \$4.99 app options – iPad and Windows tablets only)

### Find videos other have created

Why reinvent the wheel?

- Films on Demand
- YouTube
- Kahn Academy

### Add questions to a video

- EDpuzzle
