Hello future Massage Therapists,

I am very excited that you chose Durham Tech for your massage education. You are about to embark on a new career opportunity in the rapidly growing health & wellness industry.

The first day of class is Monday, June 7th. On this first day, we will be meeting from 9 AM to 11 AM for orientation. The remainder of our in-person sessions (for this first section) will be every Monday and Wednesday from 8 AM to 12 PM. All live, in-person sessions are held in our dedicated massage therapy classroom & lab (102/103) at the Duke St. North campus located at 3404 N. Duke St., Durham, NC. This class has a hybrid format, which means we will engage in weekly online work in our learning management system (Sakai) in addition to these in-person class sessions. The attendance policy for this program is very strict as we must adhere to the rules and regulations of the North Carolina Board of Massage and Bodywork Therapy (NCBMBT) as well as Durham Technical Community College.

There are several things to do and a few things to purchase (if you don't have them) prior to the start of class. Please complete the following tasks as soon as possible...

- Log in to Sakai and complete Module 1
- Upload proof of your Hep B immunizations and your recent, negative TB test
- Purchase any items from the supply list you don't already have
- Get your Durham Tech ID & parking pass from Main Campus in Bldg 8 (please note that an appointment is required)

If you have any questions or concerns, please contact me. Otherwise, I look forward to seeing you all in January. I hope you have a wonderful holiday and a happy new year, and congratulations on beginning this new journey!

Thank you and welcome to the program,

Nikki Barth
