Allow a student to take a test after the due date (or retract date) has passed	http://tinyurl.com/sakai-ufl-take-test-late
Allow a student to resubmit an assessment	http://tinyurl.com/sakai-ufl-retake
Allow extra time for particular students	http://tinyurl.com/saka-ufl-extra-time
Make changes to a published assessment	http://tinyurl.com/change-published
View assessment statistics or item analysis data	http://tinyurl.com/sakai-ufl-statistics
Create and manage question pools	http://tinyurl.com/sakai-ufl-pools or http://tinyurl.com/sakai-kb-pools
See detailed instructions for each question type	http://tinyurl.com/sakai-ufl-question-types
Import assessments from Blackboard	http://tinyurl.com/sakai-dtcc-import (PDF)
Search for publisher test banks that can be imported into Sakai	http://www.respondus.com/products/testbank/index.shtml
Note: Requires the free product Respondus LE	http://www.respondus.com/download/respondus_le.shtml

Many thanks and much credit goes to University of Florida and Rutgers University for providing excellent Sakai documentation, on which portions of this handout are based.
